SELECTED TOP SECRET UNDERGROUND INSTALLATIONS THAT THREATEN OUR LIBERTY

140 secret underground facilities have been built, many are underground small-cities. A number of these bases have been described to me by witnesses including NORAD, Dulce, Coos Bay, and Dreamland.

What I am describing is a series of large underground facilities which are connected with tunnels. The tunnels carry extremely fast trains. Train terminals are up to 1 million sq. ft. in area, with multiple levels. Underground facilities contain computer centers, genetic experimentation, mind-control research, housing for several nationalities of humans and several varieties of aliens. The corporations which assist the NWO are able to quietly interlink their facilities via the tunnel system too, as well as disperse some of their workers into the world above ground.

There are approx. 50 ways tunnels and underground facilities are dug, which include high pressure continuous water jet, low pressure percussive water jet, high freq. electrical drill, turbine drills, pellet drills, spark drills, explosives, hydraulic rock hammers, lasers, electron beam guns, forced flames, etc. These various tunnelling methods can be broken down in Mechanical (such as a water canon), Thermal (such as a high velocity flame, laser, atomic fusion, etc), and Chemical (such as a dissolver). The beautiful thing about nuclear subterrenes (rhymes with submarine) is that they don't leave any debris to dispose of. These nuclear subterrenes are building tunnels 40' in diameter, and as these machines work the rock is melted into a hard, glassy tunnel lining.

Air-intake shafts bring fresh air to the tunnels and underground facilities. Underground facilities have fuel storage units, air-conditioning, water reservoirs, dining, medical, sleeping and storage units.

Many of the underground sites are close to railroads and have entrances that trucks can drive into. Some of the entrances for trucks are protected by holograms that look like the side of a mountain, but allow vehicles if one just drives through them. The other style of hidden entrances are buildings where trucks drive in and are lowered via access shafts down into the underground areas.

Security for some (such as Groom Lake) of the facilities is maintained by Wackenhut. Penetration tests on facilities are carried out by a special unit called OP-06-D which are HQed at Offutt AFB, NE.

NEW MEXICO

The state of New Mexico and Colorado have been used for the construction of a series of underground bases. (All the rest of the states have too.) The Primary Underground facilities in New Mexico consist of:

- 3 enormous underground bases in the Dulce, NM area (an area I spent several days investigating in 1993)
- the White Sands--Alamogordo Area which has 3 underground bases
- Datil and Pie Town which have two more underground bases. (Carlsbad Cavern which had underground activity, which is reported discontinued, and another base to east of Carlsbad.)
- the Los Alamos area underground facility
- the Taos area underground facility

The New Mexico area has basically four underground system out. One goes to the 4-corners area and then to Groom Lake (Area 51). One goes north toward Delta, CO and

Colorado Springs. The Taos facilities goes north approximately along Interstate 25 and eventually ties in NORAD. The southern bases connect to Texas and Mexico.

The Los Alamos facility dates at least back to 1940. One can only imagine what has been built with 1/2 century of labor on this underground system.

Visitors to the deeper levels report humans kept in glass cylinders, plus many other strange things. I have had the opportunity to debrief some people who have been in the lower reaches of some of these facilities.

There are special badges, special uniforms, tube elevators etc. which for lack of time I will not describe.

Some MAJOR MIND-CONTROL PROGRAMMING SITES with explanations of their programming. (I originally exposed most of these sites in 1993, so it is possible they have made some changes since I originally exposed them. Most of these operated for years, and may still be operating.)

29 Palms, CA

Area 51 (Dreamland, Groom Lake), NV--Area 51 is also known as Dreamland. There are a number of extensive underground facilities in the area. This was one of the first genetic research facilities in the U.S. and perhaps the first major genetic research facility. The people/workers & victims are brought in by airplane and tube shuttle. The worst cases of UFO/alien type of Monarch programming is coming out of Area 51. The eggs from slaves are being harvested and weird genetic creatures are being developed from human eggs which have been genetically mixed with other things.

Boulder, CO--The headquarters for EMC, a type of electromagnetic mind control that is being broadcast to modify the thinking of Americans, and to control slaves.

China Lake Naval Research Base (Inyokern), CA--This facility had a country store, and hangers, and a

hospital (address for the hospital is the code- 232 Naval Air Weapons Station) which all provided sites for programming. This site has been operational since the early 1950s. Large numbers of children (batches of 1,000 or 2,000 or 3,000 children were run through this facility at a time. This facility did much of the original traumas and mind-splitting tortures that created the MPD. Other facilities then specialized in further programming that was then layered in on top of the original China Lake programming. A great deal of dehumanization in cages was done to large numbers of tiny children at China Lake Naval Facility.
